The following pages contain CTC students relating, in their own words, why they chose their mentor.

2024 Excellence in Education

Anthony Batdorf
Mr. Breen

I chose my mentor, Mr. Breen, to be honored because I believe he has played a significant role in my education at the Lebanon County Career and Technology Center. He is a strict, practical teacher who does not tolerate nonsense, but at the same time, he is reasonable and helps his students to succeed. He makes it clear to his students that the only way they will be successful in this field is to be diligent and to work hard, even if we may struggle at times. He is an excellent mentor and has furthered my knowledge in electromechanical technology.

Benjamin Causak
Mr. Breen

I chose Mr. Breen because I have learned a lot in his class, and he has taught me how to be successful in and outside of the classroom. He helped me find a career that I can enjoy and be successful in.

Kody Boyer
Mr. Mentzer, EL
Mr. Mentzer has been a good friend of mine throughout high school. I can always go and talk to him about anything and he normally has a good response. I appreciate his advice on baseball and life in general. He has always been easy to talk to.

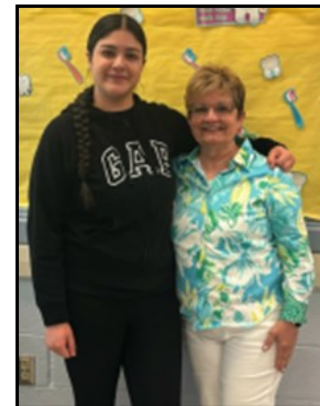

Caitlin Gadel
Mrs. Zemba, NL
When I first met Ms. Zemba I was in 10th grade and I was taking my first ever art class in High School. From then to now she has been nothing but an inspiration to me. She always has my best interest and is a great mentor. She is very kind, encourages me to be my best, listens to me when I talk and always has supported me and my art journey. I am glad to have her as a mentor and she is the best teacher I could ever ask for!

Emily Gerhart
Mrs. Lagonis

For the past two years, I have had the benefit of having Mrs. Nicoletta Lagonis as my teacher and mentor. She has made a significant impact on my educational experience in the classroom, challenging me to focus on my current goals and those in the future. Mrs. Lagonis has helped me recognize my strengths as a student and overcome obstacles to not only recite content but apply it to real-life situations. She has been a key factor in my success, accomplishments and is a person I will highly look upon and look back to in future years.

Yesenia Guzman-Castillo
Mrs. Eckert

I have had a variety of people who guided me throughout my years of school, but the teacher who has had the greatest impact on me is Mrs. Eckert. She has helped me gain experience in the dental field by helping me find an internship in a dental office. Dental hygiene is something that I am passionate about pursuing as a career and Mrs. Eckert has helped me get a foot in the door. I am grateful for the opportunities she has provided me.

2024 Excellence in Education

Shaylin Hoke
Mr. Thomas, EL

I chose Mr. Thomas as my educator/mentor because he has been my favorite teacher this year. He always makes class fun and interesting, and because of his class I have become very interested in forensics. I am so thankful for having the opportunity to be in his class and learn everything I have learned!

Zachary Horst
Mr. Gerz

There are many reasons why I chose Mr. Gerz as my mentor. For one, he really really knows his stuff. He also makes class very engaging and enjoyable. Whether it's him cracking a joke every once in a while, or if it's just his will to help every student to the best of his ability, he's on it. Another thing I admire about him is how he prioritizes his students first. He's always quick to notice a problem and will take the time to make sure you are alright whether it's related to school or not. He even does a great job of balancing a hands-on approach with classwork. I really could not have asked for a better teacher. He does well staying calm and collected, and always looks for a good compromise or solution if a problem arises. It is awesome when you find an instructor who not only teaches, but also inspires you to be better at what you like to do. In conclusion, Mr. Gerz has got to be one of the friendliest and most relatable teachers that I have ever had, and I will definitely remember him for years to come.

Logan Kepller
Mrs. Mattis

When selecting a teacher who had the biggest and most influential impact on my life and career choice, I didn't waste a millisecond. I knew instantly it was, Mrs. Mattis. Mrs. Mattis impacted my life greatly by showing me that no matter how hard it may be at the start, to never give up and "go one more." She told me not to fear and it would get easier as time went by. Her impact will benefit me as she taught beyond those lessons directly linked to healthcare. She taught me about life.

Morgan Leedy
Mrs. Werni

It's difficult to put into words how impactful of a mentor Mrs. Werni has been to me. Mrs. Werni has been the most inspiring, patient, and encouraging educator I have ever had. She inspires me to try the new Cosmetology skills with an open mind. She is always patient when teaching, no matter how difficult some lessons or skills can be. Mrs. Werni encourages me to not only find my own patience and inspirations within Cosmetology, but she has encouraged me to keep trying no matter how difficult it may seem. I will excel in my future because of Mrs. Werni.

Makenna Mann
Mr. Tuis

I picked my mentor because he is a great teacher and taught me all about adobe and graphic design.

2024 Excellence in Education

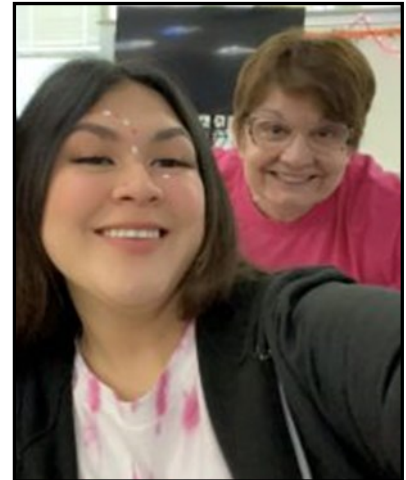

Jetta Matherly
Mrs. Marini, CL

I have selected Mrs. Marini to be honored in the 2024 Excellence in Education webpage because she provided guidance, support, and wisdom throughout my high school years. She is a teacher I am comfortable enough to stroll into her class even though she doesn't teach me anymore, although I definitely could use more work on my German. Frau is one of the greatest teachers I could ever ask for.

Nathan McKelvey
Chef Peffley

I chose Chef Peffley to be my mentor for a few reasons, but I will only discuss the ones that are the most important to me. First off, prior to around halfway through last year, I had no idea what I wanted to do, but after spending a day with Chef P in the Pastry kitchen, I knew that was what I wanted to do, and he was one of the main reasons that I realized it. Secondly, he has really helped me to become more confident in my skills and abilities in the kitchen, especially compared to when I first started. Finally, he wants to see all of his students succeed, and wants to help them achieve their goals. There's much more that I would like to say, but to keep it short, Chef Peffley has been a wonderful teacher who has helped me tremendously on my journey in this last year, and I can't possibly thank him enough.

Karla Polanco Lara
Mrs. Eckert

I chose my mentor because she supported me throughout the school year. She motivated me to do things that I thought it was difficult. She made me feel welcome and comfortable in her class. I had the best times with her during a school trip. She helps me catch up on things and that's why I chose her.

Victoria Reppert
Chef Peffley

I chose Chef Peffley as my mentor because he has made me realize the quality of work that I can put out to achieve my fullest potential. Since working with him I have done multiple competitions such as a demo speech and cake decorating. He allowed me to use my creative freedom in class while also challenging me in order to continue to grow and learn.

HONORS TOP 5%

Paige Sakel
Mrs. Derr, CL

Mrs. Derr was my first grade teacher at Union Canal Elementary School. She was the first person who I viewed as a mentor and looked up to that wasn't a part of my family. She continuously showed compassion, sympathy, and warmth that eased my anxiety as a kid. While having her as a teacher I immensely admired her teaching techniques and the way she handled situations with such kind heartedness. I have selected Mrs. Derr, without hesitation, as my mentor to be honored due to the large impact she had on me as a kid by teaching me compassion in the school system.

2024 Excellence in Education

Cayden Schmidt
Mr. Rutter

I chose Mr. Rutter because he inspired me to push myself to be the best person I can be. Mr. Rutter encourages me, challenges me, and teaches me the best way in everything. Mr. Rutter enlightens my day everyday and is the best teacher that I have ever had. Mr. Rutter has been there during the tough times to help me through everything not just with school work but with personal work. Mr. Rutter has been such a big part of my life and has helped me find out who I truly am and helped me achieve my goals to become a future law enforcement officer.

Skyelin Sechrist
Mrs. Seyfert

Mrs. Seyfert has made a big impact on my life the last two years. She has shown such kindness to me even though I realized I did not want to continue with a career in sports therapy. She has gone above and beyond to help find me opportunities to look into other career options that have interested me. She has created opportunities for me to explore other areas with classes and even helped me get a chance to job shadow one of those careers. She truly cares about her students.

Veronica Sergott
Chef Corle

I chose my mentor, Chef Corle, because he has changed my life in many different aspects and that through hard work and persistence anything can be possible. He has also taught me that no matter how many obstacles you overcome in your life, you have to continue to push through. He has shown me the positives and negatives of the food service industry and has guided me through the bumps in the road, that I have come across during my senior year. A phrase that he says that has always stuck with me is "Welcome to the Food Service Industry".

Carter Smith
Mr. Derr

I chose Eric Derr mainly because he's the person building me up to be successful in my job as an electrician. Not only is his work ethic fantastic but the way he connects with the students to make class a more fun and enjoyable experience for everyone. He's is very patient with his students and always provides extra help when it comes to any concept of being an electrician. In the last two years Eric lost two of his students. One kid one year and another the next year. With everyone's emotions being on a high his strength to continue on with class after such tragic events is always a pro to a great teacher and overall person.

2024 Excellence in Education

Ava Stutzman
Chef Peffley

Chef Peffley is my Pastry Arts instructor at the LCCTC. I chose him as my mentor because he is one of the most hard working and caring teachers I have ever had the pleasure to learn from. I am forever grateful for the time and effort he has put into my education and for all the support he has given me. He continues to push me to do things I never thought I could. His passion for his work is infectious and I will always look up to him as a mentor.

Yahidanny Vargas Martinez
Mrs. Eckert

I chose Mrs. Eckert as my mentor because although we have only known each other for less than a year, she has already impacted my life. Not only has she shown immense kindness towards me, but she also has pushed me in the right way. Starting my senior year, I was not sure about my decision to join her class, but that has changed entirely. I will forever be thankful for the way that she gives to us without expecting anything in return and for caring deeply about her students because this has caused me to grow not only professionally, but also personally. I am sure this experience will be with me for the rest of my life.

Maya Williams
Mrs. Eckert

I chose Mrs. Eckert as my mentor because she has not only helped me professionally but also made me a stronger, more independent student. She has taught me to work hard and achieve the goals I have set for myself. One thing she said this year that stuck with me was "You have to do things for you because at the end of the day only you can fully take care of yourself."

Robert Witman
Mrs. Gehman

I chose my mentor because she treated me like everyone else even though I was a senior and the only boy in the first year class. She genuinely helped me understand topics when I was confused. She also makes the class fun and is willing to explain things in different ways to help you as a person grow which is different compared to most teachers.
