SkillsUSA National Leadership Conference

During the week of June 24-28, 2024, SkillsUSA hosted its National Leadership Conference in Atlanta, Georgia. Seven Lebanon County CTC students represented the CTC and Team PA at Nationals after placing first in competitions at the District and State level. Devan Duffield (NL-Precision Machining Technology), Kevin Foster (PA-Precision Machining Technology), and Landon Kistler (EL-Precision Machining Technology) competed in the Automated Manufacturing competition as a team of three. Wesley Harnish (CL-Pastry Arts) competed in the Action Skills competition. Devin Picart (Adult-Pastry Arts) and Ava Stutzman (CL-Pastry Arts) competed in the Baking and Pastry Arts competition. Dakotah Weddington (Adult-Network Technology) competed in the Internetworking competition.

We are so proud of all our student competitors who can all say they are among the best in the nation! Our students represented the Lebanon County CTC with professionalism, determination, a great work ethic, and most importantly, amazing support and admiration for one another! Advisors Chef Brian Peffley (Pastry Arts Instructor) and Theresa Tobias (School Counselor), along with Eric Tanger (Precision Machining Technology Instructor), and Alex DiMarzio (Principal) were honored to spend the week with our competitors and to get to witness all their hard work and passion for their trade come to life. One of the favorite activities of the trip was pin trading. Each state had their own pins and the goal was to trade to get as many different states and territories as you could. The student's lanyards were all decked out by the end of the week. The students also had a little time to experience some of Atlanta by visiting Centennial Olympic Park, Georgia Aquarium, and World of Coca-Cola.

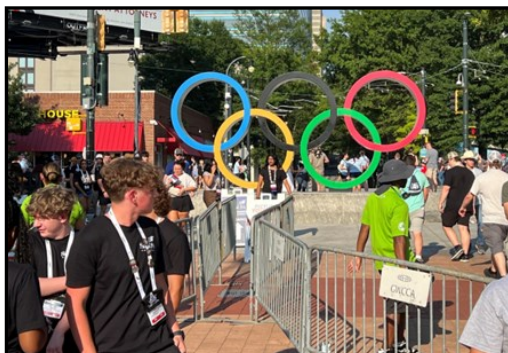

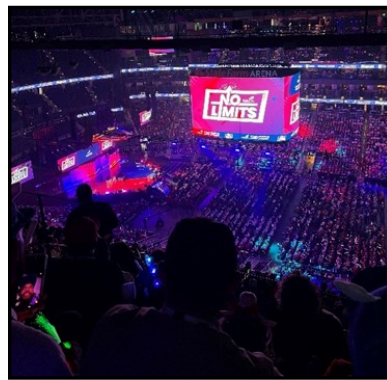

The results are in! This year the Lebanon County Career and Technology Center brought home one silver medal and four bronze medals! Wesley Harnish (Chef Brian Peffley, Instructor) received 4th place out of 10 and Dakotah Weddington (Mr. Dan Giffin, Instructor) received 5th place out of 10!

STUDENT	CONTEST	HS	PROGRAM
2nd place silver medalist is:			
Devin Picart	Baking and Pastry Arts	Adult	Pastry Arts
3rd place bronze medalists are:			
Devan Duffield	Automated Manufacturing	NL	Precision Machining
Kevin Foster	Automated Manufacturing	PA	Precision Machining
Landon Kistler	Automated Manufacturing	EL	Precision Machining
Ava Stutzman	Baking and Pastry Arts	CL	Pastry Arts

Good Job!

SkillsUSA National Leadership Conference

Cosmetology

This year, senior cosmetology students delved deeply into the world of entrepreneurship. They took a field trip to Hershey Spa and Melt Spa, and listened to guest speakers from the industry, enabling them to apply real-world insights to their own future business ideas. In collaboration with Commercial Art and Media students, they designed business cards for their conceptual businesses. Additionally, they researched industry influencers to understand the impact of trends and styles. The integration between their English class and the Cosmetology program provided valuable knowledge that will benefit them in their future careers.

Heather Herman, owner of House of Hair and a CTC alumna, demonstrated a popular haircut and shared her insights on being a businesswoman.

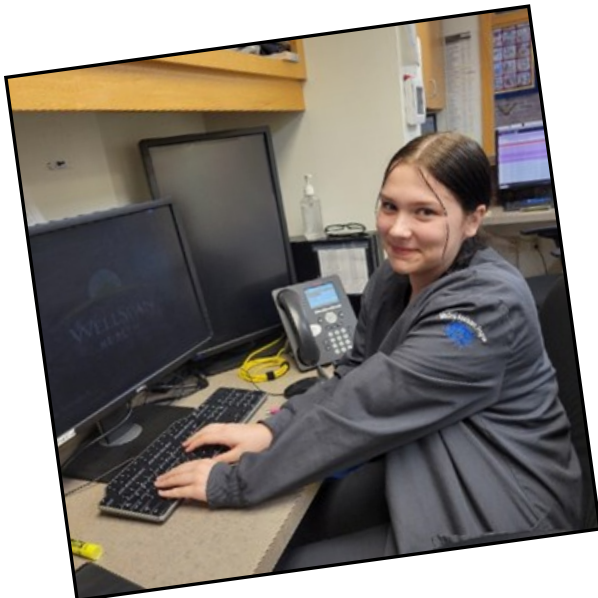

Madalyn Fisher, from Radiant Skin Esthetics, shared her expertise and experiences as an esthetician.

Some examples of the business cards

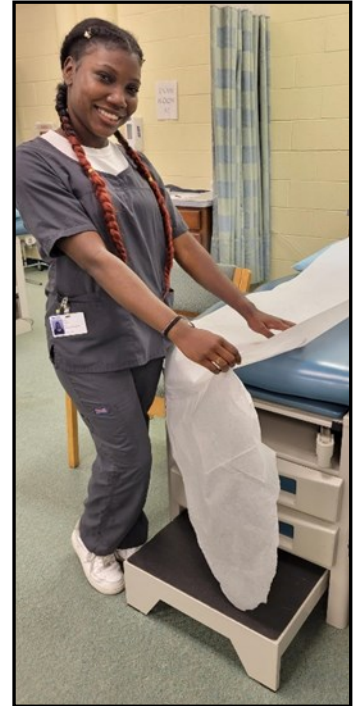

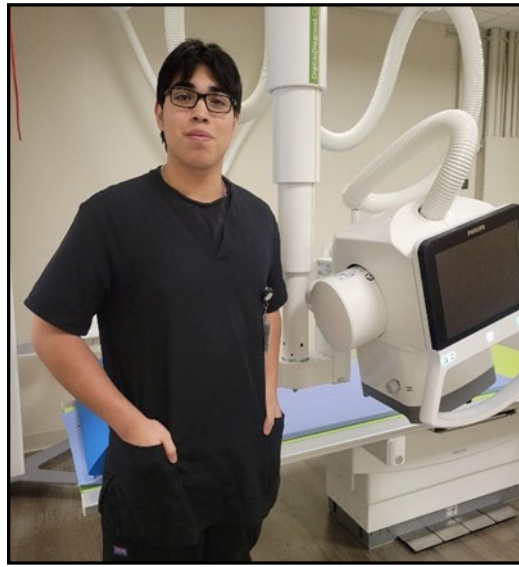

MEDICAL ASSISTANT CLINICAL ROTATIONS AND INTERNSHIPS – GEHMAN

The following students were interns through the Wellspan Health Family and Specialty Offices. They are as follows: Jesmarie Acosta Santana (LH), Emily Eckert (CL), Seven Finefrock (PA), Lauren Graby (CL).

MEDICAL ASSISTANT CLINICAL ROTATIONS AND INTERNSHIPS – GEHMAN

Additional interns through the Wellspan Health Family and Specialty Offices include: Malena Moll (LH), Sevastian Munoz (LH), and Kenya Succes (LH).

The following student completed clinical hours at the Lebanon County CTC: Rokel Tillman (LH).

Good work

MA
Medical Assistant

We would like to thank all the facilities, providers, and staff who assisted with the continuing education of our students. We cannot do this without you!

First Annual Health Sciences Health Fair

This year, the Health Science programs, including Sports Therapy Science, Health Careers Technology and Medical Assistant, worked together to introduce health topics and information to the students and staff of the CTC.

The students worked diligently to research their topics and come up with the most important information needed to explain to their peers. Each group needed to have a visual aid (poster-board), verbal information (script) and take-away information for the audience.

Some of the topics included core training, anxiety, and skills such as height and weight measurements. The Health Fair was well attended and the students did a great job teaching some tough topics to the CTC student body.

Thank you all for your support and we can't wait for next year's 2nd annual Health Fair!

First Annual Health Sciences Health Fair

Landscape and Horticulture Program

The Landscape and Horticulture program had a busy and exciting year. The year began with field trips to Hershey Gardens, landscaping the school's property, and planting native plants at Kenbrook Camp. The program then transitioned into Farm Show mode, where students competed in the antique tractor restoration, large landscape design, miniature-landscape design, plant design, and other FFA competitions. Our students won awards for their participation in the competitions. After Farm Show, first year students completed miniature water feature projects and second year students completed a large water feature project, which included research on designs, creating a professional landscape design, scaling the drawing, installation of design, and creating an estimate on the price of the project. Throughout the whole year students have been learning how to identify common plants, completing state tasks, learning horticultural terms, and landscaping skills within the classroom. To finish out the year students will continue to gain certificates, do spring clean-up and mulching around the school, and learn about environmental effects on plant growth.

Sports Therapy Sciences Year in Review

The Sports Therapy Sciences program had a successful 2023-2024 school year. The year was full of team building, academic achievements, skills development, leadership building and community service. One highlight of the year included graduating our first 2-year program cohort. Seventeen students completed the 2-year program and one completed Level 1. Over 80% of the students plan to continue their education in a variety of fields that include athletic training, exercise science, physical therapy, business, education and massage therapy.

Congratulations to the Class of 2024! May your journey be filled with joy, happiness and success!

After training - STS and Law Enforcement finished another successful collaboration in fitness training.

The Class of 2025 making brain caps to learn about the brain regions and functions.

Stop the Bleed Training and certification

The students held a school-wide dodgeball tournament to benefit the PA Breast Cancer Coalition of Lebanon. The 2024 Dodgeball tournament raised \$600 for the PA Breast Cancer Coalition of Lebanon.

Texas Roadhouse fundraiser for HOSA State Leadership Conference.

Professionalism at its finest! HOSA State Leadership Conference attendees: Euri Pena (CL), Mohamed Marai (LH), Alejandro Abreu (CL), Derek Infante (LH), Jalik Hill (LH) and Braylon Beaver (LH).

Decision Day

It's one of our favorite times of the year! Celebrating our seniors during our Official Decision Day. On May 9, 2024, seniors that have committed to a four-year university, two-year college, military or entering the workforce/professional training participated in LCCTC's annual Post-Secondary Decision Day. Seniors were asked to wear an item of clothing that represents where they will be attending/enrolled/working, etc. after graduation. The students placed a star on the map of where they will be located with their name/college/military branch/employer.

In an effort to support our students, staff participated in Decision Day by showing off their alumni school spirit or attire from their previous employer!
